

1 x 1 Toilet Trailer

Our 1 x 1 smart toilet trailer offers enhanced comfort and an upgrade to standard facilities.

The unit is towed into position by our trained staff. If needed, cleaning can be added to your hire to ensure your toilets stay sparkling clean.

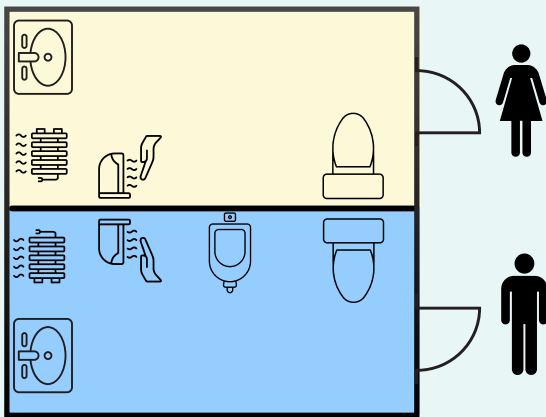

Fresh water tank holds 400 litres, no chemical flush used, just plain water. Cold water sinks, urinal on mens side.

Unit can be connected to mains drainage and water if available. Or operate fully self contained

Electricity supply - 6KVA generator or mains supply needed for lights, heater and hand drier.
